

TOWN CRIER

THE OFFICIAL PARISH OF ST HELIER MAGAZINE

February/March 2022

In partnership with the Jersey Evening Post

WELCOME

Welcome to the February/March issue of the Town Crier. All parishioners must surely be delighted with the approach of Spring, with the lighter mornings and evenings, the birdsong and the early flowers appearing in our Parish's parks and gardens. This is an exceptionally busy time of year for the Parish, with a great deal of maintenance and construction taking place in practically every street in town, and the Parish Teams are working hard to minimise disruption to residents.

It is good to see a return of normality for shoppers and workers, although many people in St Helier are still wearing masks to keep themselves and others safe. The Parish remains extremely grateful to the hard work of all of our public workers for their support of the community during the 2 years of the pandemic.

This issue of the Town Crier gives more information about the new Festival which the Parish has initiated for St Patrick's Day, which we hope will be the first in a series of exciting community events hosted by the Parish.

For advice and information about all the services the Parish provides, or to get more involved in Parish life, please go to the Parish website, sthelier.je, telephone 811811 or email townhall@posh.gov.je.

Spring is coming! Here, Dale Hector, from St Helier's Parks and Gardens Department works in the Parade Gardens floral display.

WHY SO LONG?

Few Islanders can fail to have had their journeys in and around St Helier disrupted by the scaffolding in Castle Street, which has been in place since May last year. Although it is the Parish that has to give permission for scaffolding, this particular one was only approved after consultation with the Government's IHE Department which administers the States' main roads. Traffic engineers advised that the road closure in Castle Street and the extensive hoarding were necessary to protect the public from the potential of falling debris. The duration of the scaffolding was not anticipated by anyone, and is believed to have been caused by Brexit and pandemic issues; however, the Parish has been assured that the work will be completed by the end of March. It is disappointing that relatively recently constructed buildings such as this appear to have become defective with the resultant impact on the community, and it is to be hoped that future buildings that are being planned for St Helier will not suffer the same fate!

IMPROVEMENT GROUP MEETINGS RESUME AT HAVRE DES PAS

Last month saw the welcome return of monthly meetings of the Havre des Pas Improvement Group, which are chaired by the Constable and attended by the Parish District Deputies, States of Jersey and Honorary Police Officers, and a good number of local residents and business owners. The Group, which has met for many years, continues to push for environmental improvements for the whole of the area between Route du Fort and Havre des Pas Promenade, and between La Collette Gardens and the Parish boundary to the east. At February's meeting, the Group discussed the impact of the road closures which have been necessary due to the Government's resurfacing work, while next month's meeting will see a discussion of the Village Improvement Scheme proposals which have been in the pipeline for several years. The Group is also taking a keen interest in the Lido itself, and believes that the Government must maintain this unique historic structure. The proprietor of the concession at the Lido was thanked for offering hospitality to the Group on a monthly basis. Next month's meeting is on Wednesday 2nd March at 6pm at the Lido, and all are welcome.

CONSTABLE'S COMMENT

THE GOOD NEWS AND THE BAD NEWS

I was pleased to be able to attend the Planning Enquiry at the end of last year to seek to persuade the Inspectors that it would be a mistake to concrete over any more of St Helier's green fields to the north of the Parish. Happily, the Inspectors have agreed with everyone who protested about the loss of some of these fields, and 3 of them have been removed from the list to be debated by the States in mid-March's Bridging Island Plan debate. Unfortunately, the good agricultural field right next to Haute Vallée School (Field H1219) was not recommended for protection, while the Planning Minister has announced that he will be seeking approval for Field H1248 to be developed; this field behind the former Channel Television offices has previously been earmarked for development but has so far escaped this fate.

The Constable and Parish District Deputies have discussed this continued threat of urban sprawl, and I hope that we can persuade the States that it is simply not fair to deny St Helier residents access to the green fields around our Parish when we are taking so much development within it..

PARISH MATTERS

PARISH COMMUNITY PARTNERSHIPS

The Parish of St Helier has over the years worked closely with GROW Jersey, Foundations and Project Trident to provide opportunities for people to engage in active roles within the Parish, helping them to learn new skills and obtain full-time employment, supporting them to understand an employer's values, and sharing knowledge and labour skills to enhance a new project. We are committed to, and will continue to influence, support

and enable, charities, voluntary groups, community groups, schools and others to improve the future of those living and working in St Helier.

GROW JERSEY

"The GROW Jersey project was made possible with the help and support given by the Parish of St Helier", says Sheena Brockie, Project Leader, "who gave us permission to occupy Parish land to run the community smallholding and also help in many other ways, from the larger tasks like grass cutting and plant care, and St Helier's Parks & Gardens Team sharing skills and advice. The project would not be so advanced without this vital collaboration."

The most recent project includes GROW taking delivery of all the fallen leaves from Surville Cemetery to make leaf mulch which, once decomposed, is used to help fertilize the soil.

Bob Kearsay, St Helier's Director of Public Services, says, "It's been a pleasure to help and support this initiative from the very start, both to see the results and also how people working in this environment interact. This encourages us to continue working with GROW and we're excited to be a part of the project."

PROJECT TRIDENT

Deborah Midgley, Trident Manager, says, "We are extremely grateful for the support given by the Parish to the Island's students through work experience. Trident is a long-running scheme in which every Year 10/11 student (aged 14-15) undertakes a two-week work placement; we arrange placements for around 1,000 students annually and St Helier offers a number of roles based within the Town Hall, such as clerical work, working alongside the caretaker or the maintenance team, and working with the Town Centre Manager. Students are also offered work experience at Westmount Day Nursery and St Ewold's Residential Home, and also with the Parks and Gardens Team for those with an interest in horticulture.

By working full-time in a real-life setting, students gain soft employability skills such as punctuality, a good work ethic, and communication skills. This will help them to make a more informed career choice."

"Trident is an initiative the Parish is proud to be involved in", says Director Bob Kearsay. "Assisting and supporting students in their first experience in a full-time workplace is, we feel, a very important stage of what will become the Island's future workforce."

FOUNDATIONS (BACK TO WORK)

"Since the launch of the relationship between Foundations and the Parish of St Helier, the Foundations Placement initiative has been a resounding success", says Team Manager, Peter Flambard. "Creating opportunities for Foundation's clients to be placed in active roles within actual public service departments not only gives them a great experience as they work back towards full-time employment, but also helps support the fantastic services provided to the public."

St Helier's Bob Kearsay says "We believe supporting Foundations plays an important role in helping people back into the workplace, and we've had some positive outcomes over the last year."

Once Covid guidelines have been reduced further, we hope to continue our relationship with Parish schools, to have them visiting our recycling centre and workshops, assisting with environmental projects, learning glasshouse growing skills, working towards the Duke of Edinburgh Award, sowing wildflower mixes, and bulb planting. We look forward to welcoming them back.

PARISH NEWS

PARISH STALWART, MAURICE RICHARDSON, RIP

The Parish was very sorry to learn of the passing of Maurice Richardson in January. As well as being involved in many Island activities, including Société Jersiaise, Maurice was a Roads Inspector for the Parish of St Helier for almost 40 years and participated actively in Parish life, especially at the annual Rates Assemblies where his comments and questions were always pertinent and well received. The Parish extends its sympathy to the family.

MIDVALE ROAD TO BECOME ONE-WAY SOUTHBOUND

For more than 20 years it has been the wish of the Government to address the narrowness of Midvale Road due to a significant number of accidents involving pedestrians. As long ago as the North of Town Master Plan (2010), it was agreed by the States Assembly that

the only solution to the narrowness of this busy road would be to make it one way so that the pavements on either side can be wide enough to cater for the large numbers of people using them to walk to work, school or the town centre. Phase 2 of the Master Plan involves carrying these improvements down David Place and Bath Street, and these plans are expected to be pursued by the next Government. The roadworks will begin on 21st February and will take 10 weeks. For more information please telephone 445509 or email dfi@gov.je.

INTERNATIONAL TOURIST GUIDES DAY 2022

The Jersey Tourist Guides Association will be celebrating International Tourist Guides Day on Monday 21st February with free talks, walks and general information in and around the Royal Square, from 12 noon to 2pm. More details can be found on Facebook on the Jersey Tourist Guides Association page. The ever-popular St Helier Historic Town Walks will be restarting later in the Spring: full details in the April Town Crier.

COME ALONG AND JOIN IN AT THE FIRST TOWER YOUTH PROJECT (from Youth Worker Bill Moore)

This year the Youth Project has been really lucky to be able to organise several sessions at St Aubin's shooting ranges. The .22 Club and the Jersey Target Shooting Club have offered a safe and structured introduction to using rifles safely, and it's been fantastic to see the young people demonstrate focus and apply learning to these skills. Meanwhile, redevelopment building work is well underway at the OTC Building, and we can't wait to welcome you all when the site reopens sometime after Easter.

If you're interested in coming along and joining us, you can find up-to-date information by searching Google for 'First tower youth centre'.

DEPUTY DROP-INS

Deputy Inna Gardiner is holding her usual sessions for parishioners to visit and discuss any issues or matters important to them at the Town Hall, 10.30am-12 noon, on Friday 14th February/March. Open to all: please pop in.

OUR TOWN

BY CONNOR BURGHER, TOWN CENTRE & EVENTS MANAGER

PLENTY OF GREEN FOR ST PATRICK'S DAY

I'm delighted to announce the first major event of 2022: St Helier's St Patrick's Festival, 17th-20th March. You can expect Irish dancing, music, Gaelic football, food and drink plus the all-important parade through town. The events are all centred on a large marquee on Parade Gardens. I'm also incredibly grateful to the many members of the Jersey Irish community, the Jersey Irish Society, Cannon O'Rafferty School of Dancing and the many others who have helped us form our plans for this Festival this year, particularly our sponsors. This is the first of a jam-packed summer of events in St Helier and it's great to be kicking off with a brand new one. For the latest information on the weekend's events head to www.sthelier.je/events

A SUMMER OF EVENTS

This year will see the return of some old favourites such as the Fête de St Hélier, the Havre des Pas Seaside Festival, the Portuguese Festivals and many, many more. These are all events that have been sorely missed since the start of the pandemic. I think it's important to remember that a lot of the traders who make these events what they are have been hit so hard since the start of the pandemic and need your support this year more than ever. A detailed list of events in St Helier in 2022 will be included in next month's Town Crier.

through town and I even spotted a large gym opening too. I don't know how many people share my enthusiasm for this but, for me, it's one of the best bits of my job - I doubt there are many other town centres with this much happening in them at the moment.

TALK OF THE TOWN

Once again I am delighted with the continued high levels of investment in our town. The former BHS building is looking stunning, there are new shops popping up all

January has been pretty tough for some of our retail and hospitality offerings in St Helier, the government guidance to work from home for the start of the year has had a large impact on many of these businesses so now dry January is out of the way and perhaps you've managed to recover a little financially from Christmas, February is the perfect time to have that extra date night, or to perhaps finally buy that pair of shoes you've always fancied. Your town needs you!

PARISH NEWS

HISTORIC ST HELIER, GERAINT JENNINGS: LET'S FACE IT

Ever get the feeling there are eyes on you in the streets of Saint Helier? Obviously there are CCTV cameras, and the community gossip network is as vigilant as ever. But all sorts of historic faces look down on us from the façades of buildings - fantastic faces, animal faces, human faces.

Let's start, as it's Jubilee year, with La Croix de la Reine, installed at Charing Cross in 1978, one year after the Silver Jubilee year of 1977, which incorporates a face of our patron saint. Along the Parade there's a set of faces of the four seasons, and in Broad Street, four lions' faces spouting water at the Le Sueur Monument. There are more faces (spouting water less often, hopefully) on churches, with notable, if eroded, gargoyles on the Town Church, and spectacular grotesque gargoyles on Saint Thomas's.

In Queen Street, there are some fantastical ugly mugs, while on the French Lane and Market Street gates of the market, there are rabbits, deer, cattle, pheasants, and sheep watching shoppers as they pass. On De Gruchy's in New Street, there are rams' heads and roaring lion faces.

From commerce to education : Victoria College has suitably neo-Gothic faces on the façade looking down

towards Town, where many 19th century residential properties have faces guarding the doorways - of which the villas of West Park Avenue have some good examples.

One of the most eye-catching frontages is the former Mechanics' Institute building in Halkett Place - a temple of divinities, whose mouldings were probably made by the same craftsman as the faces on the building on the corner of Charles Street/Bath Street.

No need to be paranoid, there really are some pretty strange faces looking at us!

JÈRRIAIS, GERAINT JENNINGS: SAI MA VALENTINNE... OU AUTANT VAUT

Quand j'écris "Sai ma Valentine", ch'n'est pon à toutes les Villaises qué j'sis à m'adréchi. Ch'est en tchi autrément j'éthais deu écrithe au run "Séyiz mes Valentines" - et l'trop niet. Nou pouôrrait dithe qué trais Valentins valent mus qu'iun - pouortchi excliûthe au jour d'aniet les galants Villais? Châtchun à san goût, en amour comme en ragoût, qué j'rèponds, mé.

Les cartes dé Valentin, les chocolats et les fleurs à la Saint Valentin sont d'tchi moderne mais n'en sont pon mains vâliabl'yes. S'lon la vielle cianche ch'tait à chute date-là qu'les ouaisieux lus mathyient, et né v'là à chein tchi pathait l'originne du mais d'Février comme la saison d'amour.

Mais l'originne dé Saint Valentin, li? Nou n'sait dgéthe brin. l' pathait qu'il y'avait deux-trais difféthents Valentins, prêtres ou évêques, tch'avaient mouothi pour la fouai Chrétchienne et tch'avaient 'té mêlés avau les siècl'yes. Nou pouôrrait dithe qué trais Valentins valent mus qu'iun - et l'nom Valentin veurt dithe en éffet l'chein tchi vaut; lié auve nos mots valer, valeu et vâliabl'ye.

Vaut-i' tréjous au mais d'Février faithe valer d'même la Saint Valentin atout ches boêtées d'chocolat et boutillies d'champagne à seule fin d'garder les conmerces (et ofûche les amours) en allant? Assa, châtchun s'pliaît - comme disait l'chein tch'embranchait sa trie, respé!

Be my Valentine... or close enough

When I write "Be my Valentine" in Jèrriais, I have to specify the gender of the Valentine. Since I'm addressing an entire readership I could be reproached for not using

the plural "Be my Valentines", but you can have too much of a good thing. And nowadays, why need I exclude the masculine gender? As the saying goes: each to his own, in love as in stews.

Valentine's Day cards, chocolates and flowers are no less valid for being newfangled. The older tradition was that mid-February was the day birds got married.

Valentine, the original saint, is obscure, and may be an amalgam of two or three priests or bishops of that name martyred for the faith in early centuries. One could say that three Valentines are worth more than one - and the name itself means one who is worthy.

Should the month of February be kept valuable to businesses (and affairs) with boxes of chocolates and bottles of champagne? Each to his own - as said the man, kissing his sow (pardon my French)!

INTERESTED IN JOINING THE RATES ASSESSMENT COMMITTEE?

The Parish is always looking for people to assist by becoming members of the Rates Assessment Committee and we're looking for more people able to give some time up to the end of May. Full training is given. For further information please email edward.trevor@sthelier.ie or telephone 811815.

PREPARATION UNDERWAY FOR THIS YEAR'S BATTLE

Oh how we've missed the annual flower- and float-making since the pandemic started! It's been a good long while but we're happy to announce that our weekly flower-making sessions have restarted - 6-8pm on a Thursday evening in the Old Magistrate's Court, Seale Street. If you'd like to join in please just come along - the more the merrier and we'd be delighted to see some new faces.

For more information please contact Dee Cousins on 07700 700169 or deecousins@outlook.com.

WHERE TO VOTE?

This year's election is fast approaching on 22nd June, and one of the biggest changes this time is the introduction of new Electoral Districts for Deputies.

Not sure which Electoral District you'll be voting in? Simply enter your postcode into Vote.je's District Finder to find out: vote.je/districtfinder/. The States of Jersey website, Vote.je, contains lots of other information about the forthcoming elections, including information for prospective candidates. St Helier will have an extra 3 seats in this year's election, making a total of 13, as well as the position of Constable, so there are 14 positions to be filled.

Which Electoral District will I be voting in?

Left: St Thomas' Church in Val Plaisant provided the perfect setting for the first public orchestral concert since the pandemic last month. The concert programme included a new flute concerto by local composer, Derek Lawrence, and the popular theme song from The Snowman, as well as works by Elgar, Holst and Vaughan Williams, and was in aid of Jersey Hospice. The local charity, Music in Action, which is responsible for the Jersey Chamber Orchestra, also arranged for some of the musicians to carry out workshops in local schools in the run-up to the event.

Below: Caption: Although ongoing Covid restrictions prevented the Parish's St Valentine's Ball from taking place this month, the quirky signs have gone up around town and will hopefully put a smile on people's faces.
