Policing initiative update	<p>PC Chloe Jones advised that it had been a relatively quiet period. There were no issues around either the Battle of Flowers or the Super-tri. Words of advice had been issued to some teenagers, and they had come across some drunk youths, but no further action was taken.</p> <p>For information purposes, contact details are as follows:</p> <p>To report an incident: 612612 / 999</p> <p>Parking issues after hours, for wardens call 811866</p> <p>Summer patrols started in June and finished in September</p>
Any other business	<p>At the last meeting, the following was raised:</p> <p>"Concern raised over the installation of a 5G mast opposite Castle Quay. It did have planning approval. Deputy Warr will follow this up with the head of JT to allay the fears of the residents."</p> <p>A letter from Jersey Telecom was shared with the residents, which didn't appear to allay their fears. The core issues remain of size, scale and proximity. At the meeting, one resident suggested that a safe distance for the 5G mast was 50m, not the current 15m. Deputy Warr agreed to raise a Written Question in the Assembly around this, following the sharing of information from concerned residents.</p> <p>Further concern was raised over the independence of the regulator. The chair of the JCRA is currently Tim Ringsdore, ex-head of JT.</p> <p>A further concern around the size and scale of the new mast was the detrimental impact it would have on the value of the properties closest to it. Which led to a question, "Why isn't the planning department looking out for the public?"</p> <p>Lee Henry confirmed that SOJDC received a licensing fee for the mast located on their property.</p>
Action points	Deputy Warr submitting a Written Question in the Assembly, the answer to which will be shared with the members.
Next meeting	The next meeting will take place in Cooper's Castle Quay on Tuesday, 25th November 2025.
