5. Policing initiatives – PC McCallam and PC O'Neil

From minutes there has been no progress on cycling initiative this is due to a change in the head of road traffic.

Update on logs –

No issues or concerns raised to end July

Anti-social driving log has also been closed

Other general issues –

Couple sleeping rough now accommodated

Setting off of fire alarms / extinguishers – individuals identified but no prosecution

We were read out a definition of anti-social behaviour

Metropolitan police:

Antisocial behaviour is defined as 'behaviour by a person which causes, or is likely to cause, harassment, alarm or distress to persons not of the same household as the person'

Reminded to take care if taking photographs, best to go through police rather than on-line

Two incidences regarding Scooter and electric bike had apparently been reported. PC McCallam to follow up.

Peter Baker reported that some vandalism of new paintings in port area had taken place. Although there is a sign saying that there are cameras, there in fact are none overlooking the yachts.

DDW to raise issue with ports. Note after meeting DDW approached by Ports officers and advised that they would deal with this matter.

6. Any other business

It was raised by a resident with hearing difficulties that there should be a facility provided to ensure that they can be included in the meeting. DDW to raise this with Constable Crowcroft as to what is offered by the Parish for their town hall meetings? A short term solution has been found whilst this issue is investigated.

There being no further business the meeting was declared closed at 18.30.

The next meeting will take place on the 26th November 2024 in the Chart Room at Castle Quay at 6pm.
