ROAD CLOSURE – CLARENDON ROAD – Wednesday April 3rd & Thursday April 4th 2024

The Parish of St Helier have engaged contractors who will be undertaking some temporary works to raise the exit side of the speed hump in Clarendon Road which at the moment is causing vehicles to "bottom out" when they drive over it.

Further works will be undertaken later in the year to replace the speed hump.

Access to properties up until the speed hump will be maintained throughout however if you are driving a vehicle, then you will be diverted through Palmyra Road which will be reversed whilst the work is in progress.

Access to properties on Palmyra Road will be via Clarendon Road.

If you need access to your property at the lower half of Clarendon Road which is after the speed hump, then you will need to drive in from the Val Plaisant end as this section of road will be made temporarily 2-way whilst the works are in progress.

A map showing these temporary diversions are printed on the reverse of this letter.

There will be no through road whilst these works are performed.

I apologise for the short notice period, but we had to work around the contractor's availability.

Should you have any problems, please do not hesitate to contact me on 01534 811847

We apologise for any inconvenience this essential work may cause and request your patience and cooperation.

Yours faithfully,

Sean McDonald
Assistant Streets Inspector
Parish of St Helier – Infrastructure
